Objet: Wildlife enforcement Award

Dear Sir,

As a reaction to the notification to the Parties n° 2006/028 of the 28th of April 2006 ,

I have the honour to recommend the candidature of an organisation with which we have been collaborating for the last four years in the framework of law enforcement and wildlife conservation. The LAST GREAT APES organisation is an NGO in charge of information research and monitoring of contentious matters relative to wildlife offences in Cameroon and abroad. The commitment, efficiency and the results obtained by this NGO, convinced me to support it's candidature for the Clark R. Bavin wildlife law enforcement award. Here attached, is a summary presentation of the organisation and it's performances.

Awaiting your positive reaction and thanking you in advance, accept the expression of my best regards.

Ngolie Ngolie Elvis
